WHO *we* ARE

We enable kids to build the strength of character that empowers them through a lifetime of new challenges. By seamlessly integrating the game of golf with life skills curriculum, we create learning experiences that build inner strength, self-confidence, and resilience that kids can carry to everything they do.

We invite you to First Tee – West Texas' inaugural fundraising event. This year's special event is a foundational step in securing First Tee – West Texas' footprint in our area so that we can continue to build the talents of youth golfers in West Texas.

The First Tee – West Texas golf facility opened in 2021 on the northwest corner of Loop 250 and Big Spring in Midland in the former Master's Golf facility.

First Tee – West Texas is a perfect practice space. The facility features three par three holes, two par four holes, long and short driving ranges, as well as the largest practice putting green in West Texas.

Renovation of the clubhouse on facility grounds began in June and will become First Tee – West Texas' headquarters with a common room, classroom space, offices, and more.

Nine (9) area high schools use the facility including Hillcrest School and Bynum School.
